## Details

Please give details of why you consider the Plan Strategy to be UNSOUND having regard to the test(s) you have identified above. Please be as precise as possible. If additional space is required please upload by clicking below.

With regards to the Moira area & continual housing growth I, like many other local residents, have serious concerns regarding the transport & infrastructure expected to support this growth. The traffic situation is growing increasingly dire. Traffic jams are no longer just an occurrence just at peak times but throughout the day contributing to an increasing level of pollution. The train station has inadequate parking and no street lights to Main Street which is extremely dangerous for commuters. The GP surgery is also at breaking point with average wait times to see a doctor 5+ days. With all the additional houses approved and increase in rates from the village the council now needs to put money into the infrastructure.

## MODIFICATIONS

Q9. If you consider the Plan Strategy to be UNSOUND, please provide details of what changes you consider necessary to make the Plan Strategy SOUND. Please be as precise as possible. If additional space is required please upload your information by clicking below.

The council needs to adapt a realistic and impartial approach to planning and actually listen to opinions raised through consultation processes. Eg the recent planning permission granted for lands adjacent to Earlsfort, Moira did not adequately address the many objections raised. The planning seemed to be passed quietly without many residents being made aware.
